

1. Is there space available in the Workforce Centers for the One Stop Operator? If so, what is the cost of the rent and does it include phone and internet services.

We anticipate the individual “floating” between the four one-stops and using existing vacant space – the rent at the Topeka Workforce Center is \$10.00 sq. ft. The individual employed during the last contract used a cell phone and public Wi-Fi available in the center.

2. What are the traffic counts for all centers?

See attached chart.

3. How many total staff are in each center?

Manhattan Workforce Center	4
Lawrence Workforce Center	9
Junction City Workforce Center	8
Topeka Workforce Center	15
